

MIKE LINDELL FOR GOVERNOR ANNOUNCEMENT SPEECH

December 11, 2025

Many of you already know me.

You know that I was a crack cocaine addict along with many other addictions.

You also know that by the grace of God that I overcame my addiction to drugs on January 16, 2009.

You also know that I founded the Lindell Recovery Network to help others overcome their addictions

You know that I founded an amazingly successful company, MyPillow

You know that MyPillow and myself spent millions providing aid to hurricane victims, flood victims, fire victims, struggling inner cities and, of course, those struggling with drug addiction.

I was the media darling. They would say, “Mike, how many more former addicts are you hiring today? How many veterans are you hiring today?”

I met Donald Trump August 15, 2016 in a divine appointment. He reached out to me to discuss how MyPillow manufactured products that are proudly made in the USA.

On February 18, 2017, I gave my life to Christ. I few months later I went on to lead over 50,000 people in prayer at US Bank Stadium. I thought that was going to be my only calling. Leading people to Jesus Christ.

I had never voted. I didn't think politics mattered.

Then along came the 2020 election.

You know that I have been relentless in making people aware of the fraud in our elections.

You know that others have used lawfare to tear me down because of my efforts.

Our own federal government under Joe Biden launched Operation Arctic Frost to target me and others who wanted to secure our elections.

MIKE LINDELL FOR GOVERNOR

MIKE LINDELL FOR GOVERNOR ANNOUNCEMENT SPEECH

December 11, 2025

They tried to take away my voice.

They targeted my banks

They targeted my suppliers

They even took my phone...and I run my entire business enterprise on my phone.

They didn't just attack me, they also went after my employee-owned company, MyPillow.

It didn't work.

I'm still standing.

MyPillow is still standing.

And now...I want you to know that I will stand for you as the next Governor of Minnesota

I'll stand for you against the rampant fraud under Governor Walz

I'll stand with you against the crime that threatens the safety of you and your families

I'll stand for you against government-sponsored theft of your livelihood via exploding property taxes, excessive fees, and unfair sales taxes

I'll stand for you against unnecessary regulations that strangle the entrepreneurial spirit

I'll stand for businesses of all sizes – small, medium, and large. Doesn't matter. We need to defend those who provide our citizens with the jobs they need so that they can in turn take care of their families.

I'll stand for those of you struggling with addiction

I'll stand for you by making Minnesota's education system one of the best in the nation

I am not alone in standing for you

I have never been alone

MIKE LINDELL FOR GOVERNOR ANNOUNCEMENT SPEECH

December 11, 2025

My Lord and Savior Jesus Christ has been standing beside me all the way

Through the good times and the bad times

He has never let me down

With God's grace, I will never let you down either.

Those who know me, know that I am up to the task

I have had my finger on the pulse of my business operations

We've all heard of the rampant fraud that occurred on the watch of Tim Walz.

Either he was grossly negligent, incompetent or complicit with the fraud.

The Governor is the chief executive of the state. He is responsible for the integrity of government operations under his authority.

Everyone who knows me, knows that I know that I micro and macro manage my companies.

I am tireless in making sure that we remove blocks and achieve our objectives.

What does Tim Walz know about the operation of Minnesota's government programs?

We know that over \$1B in fraud under his watch has already been found. Whistle blowers from within Minnesota government indicate that the fraud may reach as high as \$8B.

The entire Fiscal Year 2025 Minnesota budget is about \$59B.

The price of our state government has been inflated due to this fraud.

That means that families are paying too much for government.

Families have been taken advantage of and others were not taken care of.

MIKE LINDELL FOR GOVERNOR ANNOUNCEMENT SPEECH

December 11, 2025

That means that businesses are drained of the financial resources they need to hire new employees, to invest in new products, and modernize existing operations.

When it was leaked to the media that I was filing to run for Governor of Minnesota, media pundits were quick to make comments like “What does Mike know about being a politician?”

Let me be clear. I don’t want to be like a politician. It was professional politicians who have gotten us into trouble.

Over the past 5 years, I have travelled all across the country to speak with “politicians” about election fraud.

I have come to the conclusion that the vast majority of politicians are not concerned with your best interests.

They are concerned with special interests...including their own self-interest.

Many have hidden agendas that don’t help any of us.

I want to be a leader not a politician.

I want to solve problems not create problems.

That’s what I do. I solve problems. That’s what I’ve always done.

I’ve lived the American Dream on steroids solving one problem after another on the path to success.

The role of government is to secure the rights of the governed.

As a citizen and as a business leader, I have already been working towards that end.

I’ve been working to secure our voice at the voting booth against powerful enemies.

These enemies don’t care what you have to say. I do.

MIKE LINDELL FOR GOVERNOR

MIKE LINDELL FOR GOVERNOR ANNOUNCEMENT SPEECH

December 11, 2025

They want to silence our voices. I have put everything on the line to preserve it.

As the next Governor of Minnesota, I will stand for your rights.

Together, we need to restore respect for law and order

If you are here illegally, now is the time to leave or you will be sent back to where you came from.

If you are stealing from Minnesota taxpayers, you need to be put in prison.

If you are committed to increasing the tax burden on Minnesotans, you need to find a different line of work.

We need to stop the explosion of property taxes.

We need to stop the excessive fees.

We need to stop penalizing the brick and mortar businesses that provide jobs for our families.

We need to ensure that our parents and teachers are empowered with ability to choose the best education options for our kids.

In short, we need to make government more about your needs and about your quality of life rather than the needs of those who crave the power to tell you how to live your lives.

That means that you need a voice.

They tried to take away my voice.

They also tried to take away your voice.

We can't let this happen again.

That's why I'm standing for you.

I'm standing for all of our God-given rights

**MIKE
LINDELL
FOR GOVERNOR**

MIKE LINDELL FOR GOVERNOR ANNOUNCEMENT SPEECH

December 11, 2025

The right to life

The right to liberty

The right to pursue happiness

The purpose of Government is to secure these rights

Governor Walz and his supporters have instead been stealing these rights

This theft...this fraud needs to end.

If you will stand with me as the next Governor of Minnesota our future will be amazing.
